

We are dedicated to serving the injection molding industry. Our quality products and service, affordable prices and fast delivery help keep your down-time to a minimum.

Billy Donnelly

James Donnelly

In 1981, Billy and Susie Donnelly founded Donnelly Bros Inc. in Berkley, MI. In 1994, the main offices moved to Laurens, SC. With decades of experience, Billy is a wealth of knowledge in terms of solving your injection molding problems.

Throughout the years, many of Billy's 14 children (aka "Donnelly Bros") have been a part of the company. In recent years, James has been a key part of the continued growth and success.

At Donnelly Bros Inc you are dealing with quality people who know how to help... We look forward to serving you!
